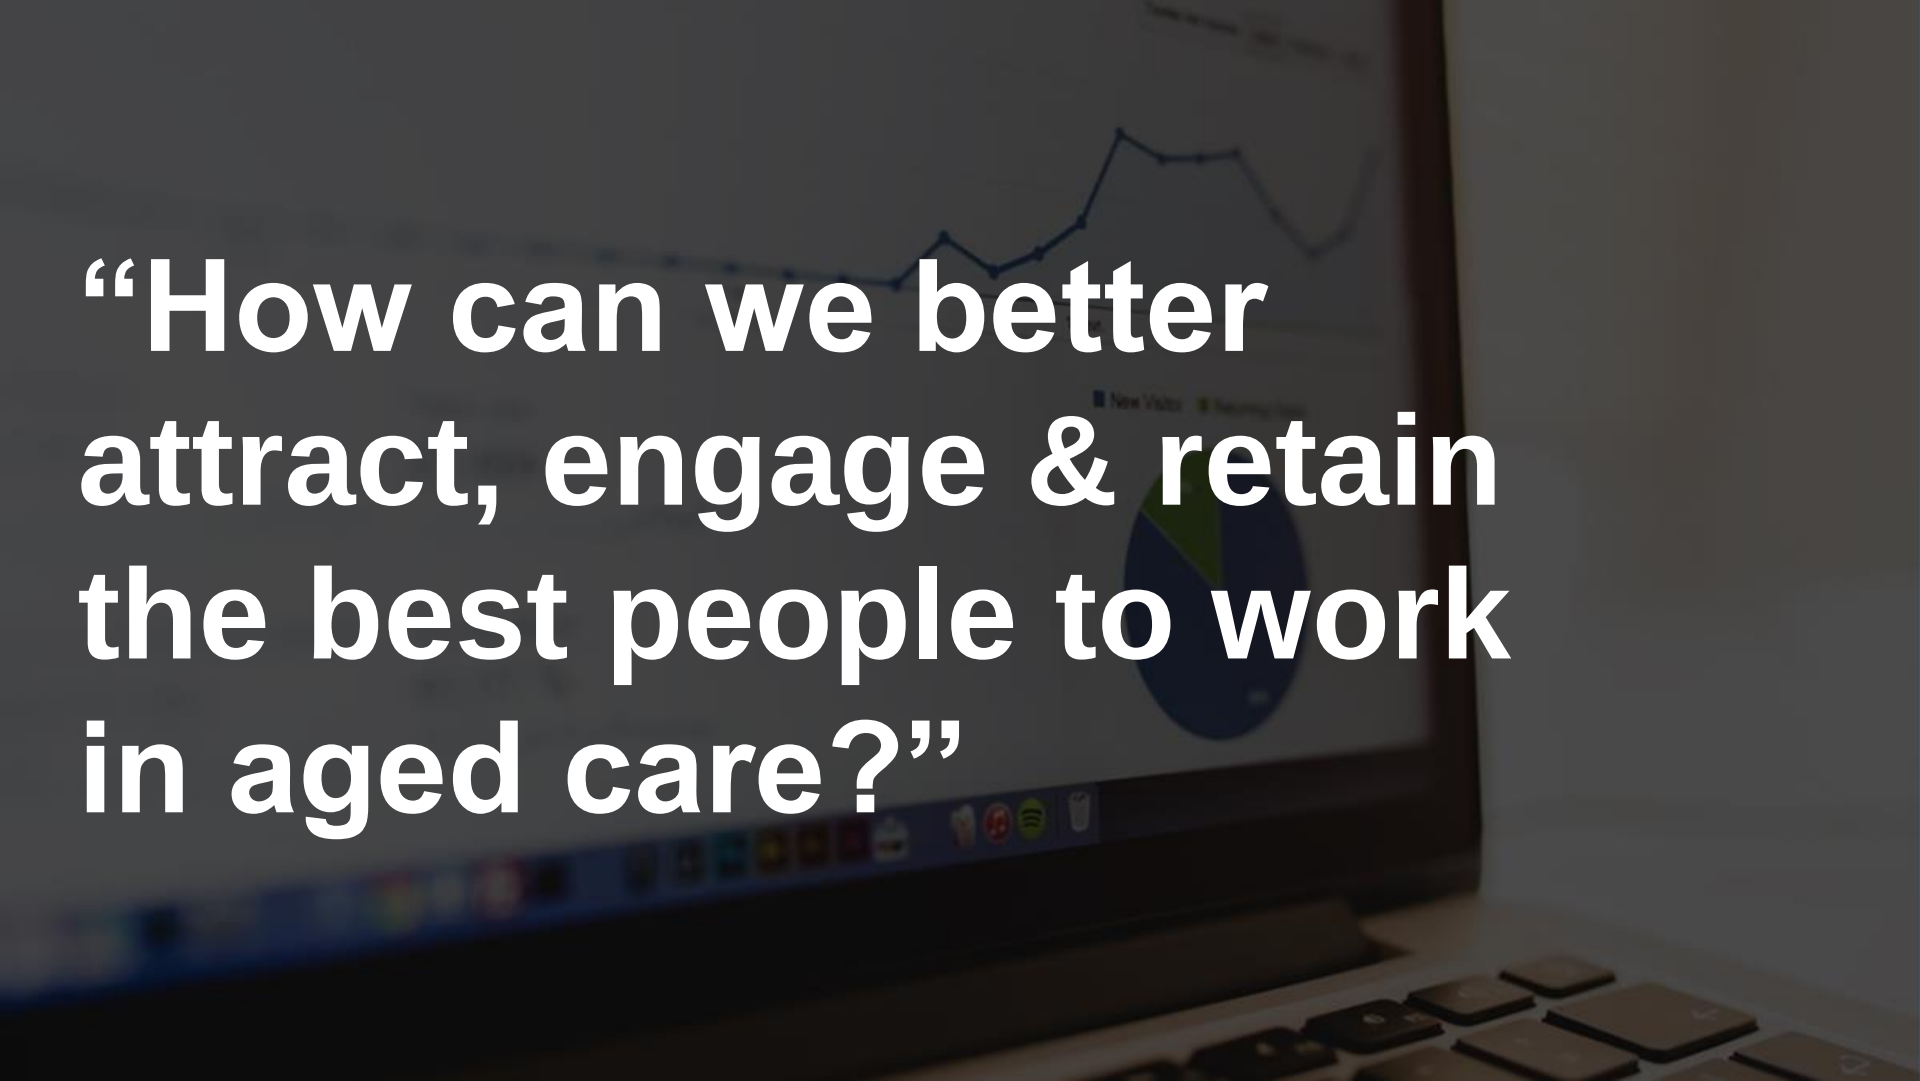
Creating a Workforce Certification Scheme

Michael Maher, CEO ACDN

“We are at the crossroads of workforce management and technology.”

ACDN



“How can we better attract, engage & retain the best people to work in aged care?”

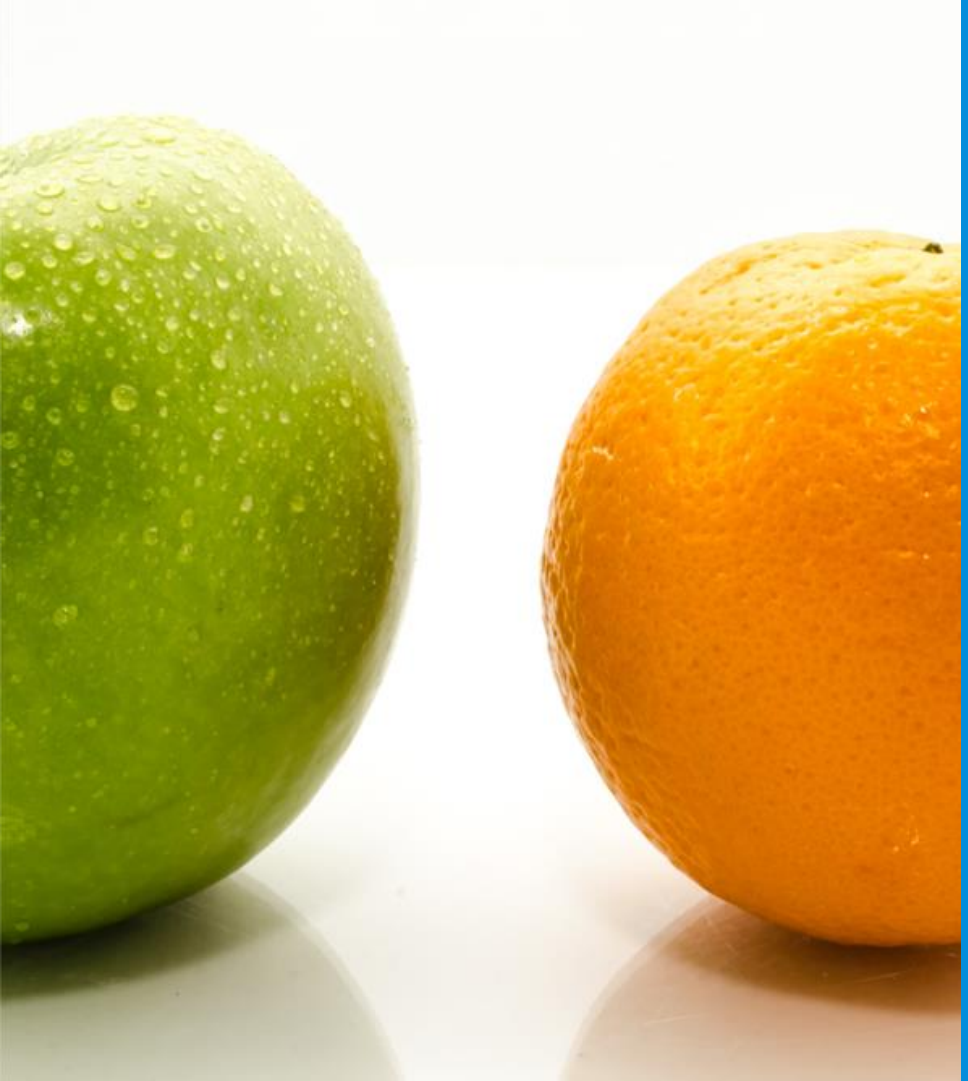
“A down to earth people-oriented industry”

"How do I attract and retain?"

"How do I engage?"

"My drivers are risk & compliance"

“There are advantages in collaboration - let’s not reinvent the wheel.”



We’re comparing apples and oranges.

We do have some common workforce standards - imagine we could share them.

Technology has come of age...

Functionality

Installed, comprehensive, (overly comprehensive), functional interface, manual data entry

MYOB®

Connectivity

Similar functionality, better looking, cloud based, iPad app, bank feeds, automation

xero

There has been a paradigm shift in technology that our industry can benefit from as well.

We’ve moved on from 2005...

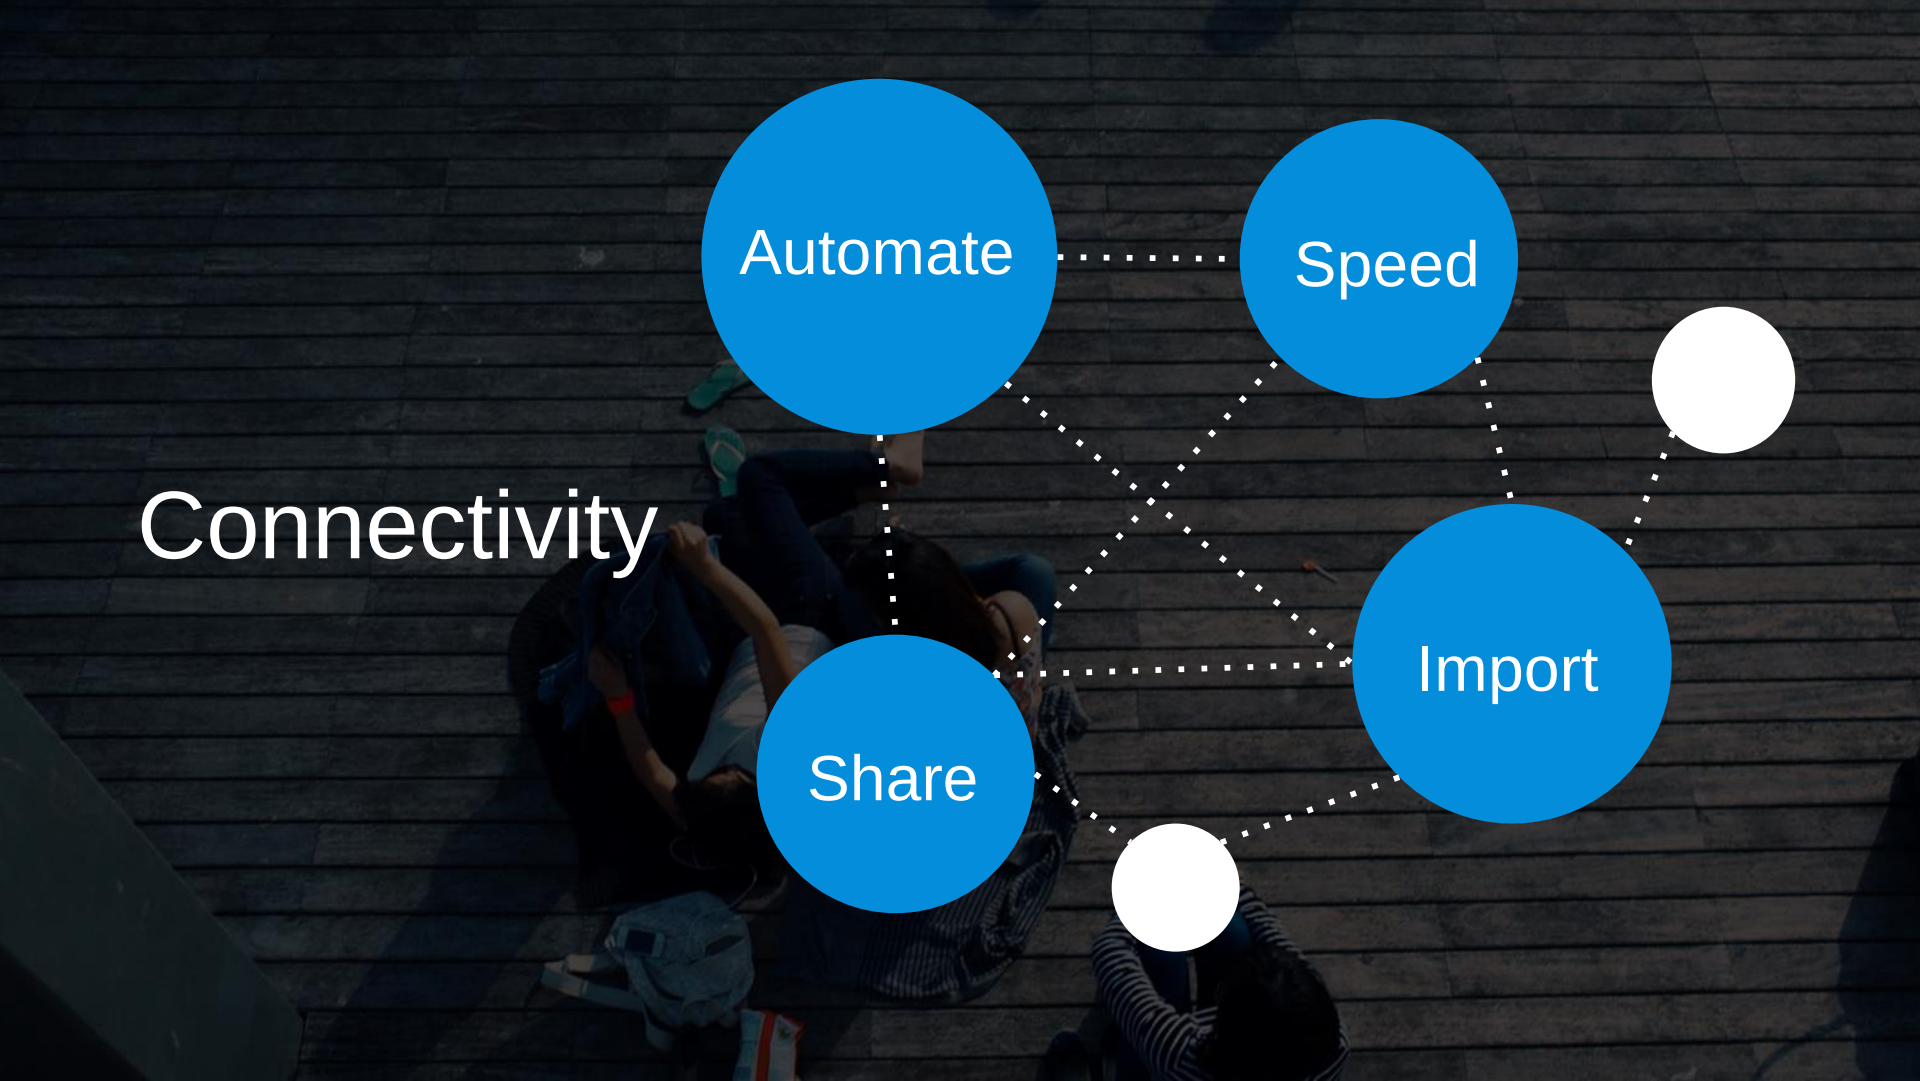
2005

Manual, siloed, functional

2017

Cloud, connected, automated

Connectivity



Review

“Any collaboration on workforce management & workforce standards needs an independent body to watch over it.”

Quality
Leadership
Better Workforce Management
Mandatory Training
Document Compliance
Key Drivers
Saving Time
Lowering cost
Lowering risk
